\_\_\_\_\_

- A. Attach a signed written statement stating how you feel this variance request complies with the following standards (see Section 1308)
1. There are practical considerations regarding the property that will not allow the building/structure to be erected without causing an excessive burden to the development of the property.
  2. The condition or situation of the property is unique and not shared by neighboring properties in the same zone and amending the ordinance text or rezoning is not a reasonable solution.
  3. A variance would not be significantly detrimental to adjacent property and the surrounding neighborhood.
  4. The practical difficulty was not created by an action of the applicant and either existed at the time of adoption of the requirement from which the variance is requested, or is necessary as the result of governmental action such as a road widening.
  5. The variance is the minimum necessary to permit reasonable use of the land and buildings.

Attach a plot plan which shows dimensional relationships of all elements on the parcel and adjacent parcels, including boundaries, structures, parking areas and landscaping.

**I hereby affirm that the above information is correct to the best of my knowledge.**
